REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach and/or suggest a discharge surface treatment electrode being made of a metal carbide and a metal thereof or any other metal forming a hard carbide or a compound of that metal which are contained in the metal carbide and which finished material does not contain a binder which is contained therein. The prior art is inclusive of materials like Cobalt, which act as a binder and which is contained in the material's structure even in the finished material, whereas in the applicants' invention, wax is used in the composition to act as a binder but is evaporated to remove it from the finished product.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Bruce F. Bell whose telephone number is 571-272-1296. The examiner can normally be reached on Monday-Friday 6:30 AM - 3:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Randy Gulakowski can be reached on 571 272-1302. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
